Besides providing chiropractic adjustments and good health habits, chiropractic doctors provide pre-employment, prenatal and athletic physicals. Many chiropractic doctors are team physicians for local high schools and organized sports. Some doctors, such as Dr. Callotta, treat professional athletes such as runners, triathletes, olympic athletes, volleyball players and swimmers.

“DR. CALLOTTA COORDINATES & EXPEDITES ALL OF OUR PHYSICALS AND SHE COMES TO YOU!”

“As a Chapter President, it is a wonderful service and a convenience to work with Dr. Callotta who coordinates and expedites all of our player and cheerleader physicals, and best of all she comes to you! She is a professional and she truly provides a thorough examination of our participants. We’ve worked with Dr. Callotta and her staff since 2004 and we are pleased to continue to provide this service to our players and cheerleader participants.”

— LORA GONZALEZ, OCJAAF COUNCIL PAST PRESIDENT AND SOUTH GATE CHAPTER PRESIDENT
